**Watch & bid online for FREE at**

Broadcasting Real-Time Auctions

**Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!**

**Buying online is as easy as 1, 2, 3...**

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding**-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

**Having troubles?** During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

**DVAuction** Full Service Livestock Marketing

# Schedule of Events

## Friday, June 10, 2022

All Day Cattle available for viewing

2:30 PM Quail Valley Farms Mature Cow Herd Dispersal  
*Brangus females will sell first, followed by Santa Gertrudis*

Brisket dinner immediately following the sale

## Saturday, June 11, 2022

8:30-10:00 AM Brunch

10:00 AM Premier Invitational Elite Sale  
*Brangus females will sell first, followed by Santa Gertrudis*

All events are at the Quail Valley Sale Facility  
17761 County Highway 26 | Blountsville, AL  
*See inside back cover for map.*

## Welcome!

Angie and our family would like to welcome you to the 4th Annual Quail Valley Farms Elite-Invitational and Mature Cow herd sale. A special thank you to our friends and consigners that brought what we believe to be the most ELITE Brangus and Santa Gertrudis animals and genetics being offered this year at one setting. Quail Valley has an open door and believes that we must all work together and create sales for everyone to be able to participate. We have had consigners that have been very successful selling record setting cattle as high as \$80,000 in the ELITE Sale. We take pride in the opportunity we cultivate for the breeds Santa Gertrudis and Brangus small and large breeders. With that said, we hope more will consign with us every year the second Friday and Saturday of June if they feel they truly have a breed ELITE female.

As many of you are aware our entire business plan is built around turning generations. We are setup with an extensive embryo program that allows us to basically be personally finished with what we need from a female by the time she is 3 to 4 years of age. With that said, many of the females we offer will not be proven until they are 5 or 6 years of age. With that said, this allows our customers to buy animals from us that have pregnancies and calves in the pipeline that may end up proving their donor as a breed Super Cow. Every female in these two sales fit that mode. If not already, all of these females are in the top 1% of both breeds ELITE cows with the genetics to produce the very best out there.

Please buy with confidence in this offering and know we will stand behind it. If you have any questions at all please don't hesitate to give me a call.

Sincerely,

Ricky Cleveland  
Quail Valley Farms  
American Cattle Enterprise

# Guest Consignors

Thank you to those that are participating in the 'Elite' sale this year!

AI'd 12/17/21 to BWCC Center Section 7F7 (UB10411375). PE to BWCC Big Country 158F14 (10399800) 12/27/21-2/21/22, CFC Buchanan 23H3 (10445562) 2/22/22-4/2/22, Never Surrender of Salocoa 803D9 (10318185) 4/27/22-6/8/22.

BWCC MS Revelation 192W8 is the dam of the top Brangus AI sire BWCC Big Town 192B16 who has generated life time earnings over \$1,000,000 dollars in revenue through his semen, sired progeny, and embryos. He has had 3 sons bring over \$100,000 at auction. With that said, the great thing truly about Big Town sons is they will average rank the favorites in purchase price with commercial cattleman sale after sale. His daughters appear to be holding the impressive milk as well. Not often you will get to directly own a cow that has produced a bull like Big Town 192B16.

## Lot 1 - RBM MS SPECIAL FORCES 313A

RBM MS Special Forces 313A is arguably the most exciting active cows in the Brangus breed. From October 21' alone she has generated over \$300,000 in progeny, embryos and IVF collection sales. 313A is one of the most impressive phenotype cows in the breed as well with impeccable design, a perfect, milky udder. . The sire of the great 313A is a son of the immortal desert donor cow Miss NMSU 924 and is sired by Something Special, who is also the sire of famed MC Boulder 889Z14.

MC MS Chill Factor 948D5 is truly one of the great EPD profile donors in the breed. With that said, not only does her numbers read well, they produce like they read. Tremendous CED, BW to YW spread, carrying perfect Milk of top 35%, as well a top 10% REA and a huge top 1% IMF. She will add to any bull's numbers out there. Recently her "Tanks Alot" progeny rang the bell at the 22' Mound Creek bull & female sale.

Lot 2 - MC MS CHILL FACTOR 948D5

AMF CAF DDC NHF

AI'd 12/17/21 to BWCC Center Section 7F7 (UB10411375). PE to BWCC Big Country 158F14 (10399800) 12/27/21-2/21/22, CFC Buchanan 23H3 (10445562) 2/22/22-4/2/22, Never Surrender of Salacoa 803D9 (10318185) 4/27/22-6/8/22.

BWCC MS Revelation 192W8 is the dam of the top Brangus AI sire BWCC Big Town 192B16 who has generated life time earnings over \$1,000,000 dolloars in revenue through his semen, sired progeny, and embryos. He has had 3 sons bring over \$100,000 at auction. With that said, the great thing truely about Big Town sons is they will avegare rank the favorites in purchase price with commercial cattleman sale after sale. His daughters appear to be holding the impressive milk as well. Not often you will get to directly own a cow that has produced a bull like Big Town 192B16.

**PE to By Design of Salacoa 406F10 (10396325) 4/27/22-6/10/22.**

MS Salacoa Big Town 30J15 post an EPD profile second to none, reporting 13 traits and indexes in the top 25%. Along with a near perfect genotype she is so impressive in her phenotype of feminine head and neck blending into a moderate tank shape body. As well she has been a ratio buster since birth with a 66 lb. actual BW carrying to a 126 ratio for WW, 112 ratio for YW, with a 111 ratio for REA and a 123 ratio for IMF scanning a 7.18 %IMF. She did all of this being raised by a first calf Atlanta daughter MS Atlanta 30G5.

The last time a "30" cow family female of this quality sold from the SVF herd it was the start of a \$1 million dollar revenue sequence between many progressive breeders that has produced some the most amazing breed changing Brangus. This includes the T3 MS 30Dn now owned by Herndon Farms, that her and her direct progeny have generated over \$1,000,000 in revenue over the past 4 years. Not only is there similarity between these two with the 30 cow family, 30J15 is out of an Atlanta daughter just like 30D herself. It is rare one like 30J15 come up for auction this young. Don't miss the opportunity. **ACE IS RETAINING THE RIGHT TO ONE IVF COLLECTION RESULTING IN AT LEAST 6 VIABLE EMBRYOS.**

MS Salacoa Big Town 209H68 might be the most interesting breeding peace in the entire offering. Her EPD profile is balanced in every trait meaning she can compliment just about any herd sire. 209H68 is a result of the use of the best Angus genetics in the business to cross with breed leading Brangus. Her dam was purchased by Phillips Ranch and Southern Cattle Company in last year's SVF female sale. Her maternal siblings have already generated over \$75,000 revenue for Salacoa Valley, T3 Ranch and ACE. Great opportunity in injecting new genetics into the Brangus breed. **ACE IS RETAINING THE RIGHT TO ONE IVF COLLECTION RESULTING IN AT LEAST 6 VIABLE EMBRYOS**

AI'd 5/12/22 to By Design of Salacoa 406F10 (10396325).

DS MS Empire 198J is such an exciting female. She is just one year of age. Her head turning phenotype is second to none. Riley can scratch on her in the pen, so she should be easy to halter. 198J combines two breed leading sires in Never Surrender and Empire. She has an interesting set of EPD's with rapid growth to WW and slowing at YW like cattle should. Extreme moderate frame with a ton of body and bone. We IVF collected her in May and she gave in incredible 90 oocytes. Embryo production will be given at the sale.

ABF MS Three D 468J5 was hand picked out of our open heifers. She has always stood out when you drove in pasture. I sure front pasture type. She scanned a 4.72% IMF on the CUP system. That is really good. Her dam MS DMR Guardian 468C7 has several daughters working in many herds including Dragging M, TTT, Jeff Thomas, Darryl Traylor and QVF. This is truly our Elite to female!

Sired by the \$67,500 Broadway and out of an exciting UB2 from the heart of the Vanna Farms program, 487H combines extreme power and mass with refinement and femininity along with a puppy dog disposition. She has an elite EPD profile with TEN traits in the top 20% of the breed, highlighted by a top 4% WW and a top 5% YW. Her young dam by Overload was the selection of Sunshine Acres and East Ridge Cattle in the inaugural Quail Valley Farms Female Sale in 2019. They thought so highly of her that she was flushed as a virgin heifer and that flush resulted in four outstanding heifer calves. 487H was undoubtedly the best calf, the best at weaning, and the best at yearling. Here's your chance to add an exciting donor prospect to your herd!! **SAFE IN CALF**

**AI'd 5/20/22 to BWCC McQueen 192E24 (UB10359871).**

Truly one of the most powerful Brangus cows on the planet. MS Atlanta 541C53 ranks in the top 35% for 11 EPD and index traits. She is a proven "Elite" bull and female donor producer. She has raised two herd sires in Game Plan of Salacoa 541F17 purchased by Phillips Ranch for \$25,000 and Conqueror of Salacoa 541H42 purchased by Cavender Ranch for \$50,000. Her daughter Briggs Never Surrender 541D2 sold as a yearling heifer for \$20,000. All together 541C53 has generated over \$131,000 in progeny and has a lot of daughters in production and calves the pipeline. She averages well in her IVF collection. We can provide complete Transova history. If you want as close to a guarantee to have sale topers then here is your chance in this incredible donor.

AI'd 3/14/22 to BWCC Big Town 192B16 (10266676). Safe.

This ET flush heifer comes straight from the heart of our top replacement female fall 2020 crop. 1912H4 is sired by the superstar of balance, Atlanta of Salacoa 488Z, her dam is the exciting \$34,000 Cold Creek Lady Passport 1912C, now owned by Elias Brangus. Like her dam, she possesses impeccable phenotype and genetics. 1912H4 will impress you with her length, volume, and dimension. She projects an outstanding and extremely unusual 12 EPD traits in the breed's top 30% or greater, including Term Index 10% and Fert Index 10%. Her outcross genetics go back to the infamous "Lady" family of Angus cows which have generated over \$10 million in sales, are known worldwide for their fertility, and from which we formed the 1912 Brangus cow family. 1912H4 took to her first AI and is safe in calf to one of the hottest sires in the breed today, BWCC Big Town 192B16. The EPD projections for the calf from this breeding produce thirteen top 35% or greater traits. This "Lady" is an incredibly special donor prospect in every sense of the word. Don't miss your chance to jump on the 1912 freight train and add these exciting new outcross genetics to your herd. Join the new Brangus herd legacy!

AI'd 5/21/22 to BWCC Burly 889G40 (10444699).

Royally bred from top to bottom, Cold Creek Ms. Csonka 88H5 has all the right pieces that a Brangus female needs to become the next big-time donor. She is a rare direct daughter of the immortal Csonka of Brinks 30R4. While she is moderate-framed, she is stamped with his long side, wide top, and plenty of bone. On her dam's side she goes back to one of our most productive and impactful donors, Cold Creek Ms. Largent 88X2. This unique and powerful heifer has it all. From every dimension 88H5 stands as one of the deepest-sided and thickest females we have created. Her excellent bone, tremendous volume, and yet great femininity and docility make her special indeed. Her impressive genetic profile boasts eight top 35% or greater breed EPD traits including 20%WW, 15%YW, 15% Heifer Preg, and 10% Term Index. You cannot go wrong with this heifer. In addition to her already great package, her AI to BWCC Burly 889G40 on 5/21/22 should produce an outstanding calf. Don't miss your opportunity to own what is sure to be a great one.

AI'd 4/5/22 to SB Cut Loose 804H5 (10443830). PE to SB Killshot 924J1 (10476451) 4/15/22-6/10/22.

SB MS Crosscut 111J2 is a powerful female in her growth and muscle. She is so impressive in her length of body and balanced style. She post top 1% for 5 EPD and Indexes and 8 in the top 10% including SC, REA & IMF. Her donor dam 111B2 has 24 registered in the IBBA data base. She is full sister to current popular AI sire BWCC Big Lake 111F4's dam MS Rock Solid 111C6 that sales in the QVF mature cow sale.

**Selling 6 Grade 1 IVF embryos. Guarantee 2 pregnancies if transferred by a licensed Embryo Technician.**

BWCC Ms. Massive 192D5 is one of the favorites in the donor pen at AV Brangus. She is a powerhouse being deep sided, big middle, perfect uddered all wrapped in a moderate frame. She carries an impressive EPD panel, top 1% for WW and YW, top 2% REA and HFR preg, and top 3% FERT. This is a cow we have worked to multiple sires, with great success, producing several grade 1 embryos from each mating, all while staying within her calving season. One of her daughters, 192J6 was a top seller in the Addison Brangus sale this past fall. The sire of the embryos, BWCC Burly 889G40, has been in high demand this spring after his first calves hit the ground. Burly is siring calves with added looseness, and overall Brangus eye appeal. The projected EPD's from this mating are off the charts! 8 traits in the top 10% of the breed, and 6 of those in the top 3%.

**Sire of Lot 92 - BWCC BURLY 889G40**

**25 UNITS-** Currently semen is not on the public market on BWCC Papillon 458G. We thought that is was suiting to offer the first semen package of this exciting young herd sire at the QVF ELITE FEMALE SALE. We think he deserves ELITE females. The first calves of Papillon are at the weaning and development stages. They are truly impressive. Everyone that has seen them believes they are stand outs. He really is consistent in his power phenotype in a moderate package. The unique pedigree along with perfect phenotype sets Papillon as a progressive cross for most programs. **Selling in 5 unit packages times the money.**

Harris Farms 1524 is considered the best Santa Gertrudis donor cow active today in the breed. She is the dam of multiple trait leader and AI sire Harris 190E owned by Vesper Ranch. 1524 and her progeny has generated over \$250,000 in revenue. To this date in all the IVF work she has not produced any culls at all. Matter of fact all have been pasture stand outs. It is really hard to find a cow that is consistent in any breed. With that said, her EPD profile is PROVEN perfect. Her extreme MILK EPD along with breed leading carcass makes her worth a meant. The breed has concentrated on carcass so much that a large portion of our AI sires need help in Milk. 1524 allows you to keep the industry desired carcass and increase Milk. If you want a cow that doesn't miss and would put you in the ELITE in the Santa Gertrudis breed then you need to own 1524.

Wendt 1331 has done a great job for us producing a young donor daughter in QVF MS Dream Boat 1331H that sales as Lot 103. She is truly one of best phenotype Santa Gertrudis we have ever raised. 1131 EPD's are tremendously balanced and fit any sire. A negative BW really sets her up to be used to produce bulls for the commercial industry.

PE to SR Marksman 33/19 (20191065) 3/10/22-6/10/22.

SR 72/7 is a tremendous cow that has proven herself both in our herd and the Strait herd. We selected her and her Catalyst daughter as two of the best in the 2021 Strait ranch sale. Great balance in EPDs and a tremendous phenotype.

Lot 107 - SR 72/7

QVF MS Hatchet 82F10 is a full sister to the National Champion bull Warden. Out of the breed leading donor Harris 82/4 that not only produced a National Champion but also produced the first Santa Gertrudis to ever scan over 10% IMF. 82F10 has an interesting set of inverted EPDs ranking in the top 1% for WW and top 10% for YW. That is the way we truly want to make beef cattle. Get there fast and slow down and mature and maintain fleshing abilities.

This incredible cow is maintaining a 388 day calving interval while being IVF collected. She has 9 total calves currently registered. This is the best EPD cow I have ever seen in any breed. She is top 35% or better in all 15 traits including top 10% in 7 traits. This sale starting cow sells with her incredible Chosen One heifer calf that doesn't back down on EPD's one bit.

Townsend 2416 we paid \$16,000 for in the 2021 Houston Super Sale. She is out of the Townsend-King Ranch donor KR 865/08 that brought \$30,000 in the 2014 Houston Super sale as King Ranches' #1 Carcass indexing cow in the herd at the time. 2416 is by the great AI sire Never Before 1136. She ranks in the to 25% for 11 EPD and indexes including top 10% Balanced.

### Lot 140 - 2416

### Lot 150 - KR651/18 (CHOSEN ONE)

KR651/18 Chosen One was the pick of the entire King Ranch bull crop in 2019. From that day the ride has been incredible seeing him be syndicated and generating over \$150,000 in semen revenue and produce and register 353 calves in the SGBI data base. From that he was named the 2021-2022 sire of the year. He has generated over \$300,000 in progeny and embryo sales. He has produced multiple animals scanning in the 9's for IMF and the breed leading 10.2%IMF female and the 9.8%IMF Herd Sire QVF Gulf Tide 82H8 owned by Wiley Ranch. Chosen One is so consistent in his breeding in his EPDs have become so accurate that he fixes any cow and breeds true to his numbers. He ranks in the top 25% for 13 EPD and Indexes including a top 20% BW, MILK, and YW along with top 2% REA and Marbling. His accuracy for Marbling is 75% which is unheard of in the Santa Gertrudis breed. He is very gentle and maintains himself breeding in both seasons to 25 to 30 head. Chosen One is probably the most influential bull in breed history and he is just getting started. With that said, the buyer will have the opportunity to open the sale of semen up to the entire breed and world.

**SELLING FULL POSSESSION AND FULL SEMEN MARKETING RIGHTS.** Quail Valley Farms, Harris Riverbend and Schuster Farms are retaining semen for in herd use only.

## Lot 151 - KR143/17 DATA DRIVEN

Kr143/17 Data Driven was the pick of the entire King Ranch young herd sire battery in 2018. Since then he has generated over \$200,000 in embryo, semen and progeny sales. His 11 yearling heifers in the 2020 Elite Female sale averaged \$9,215. His females are show stoppers for sure. He ranks in the top 35% for 11 EPD and Indexes including BW, WW, YW, Breed Back, REA & Marbling. The first KR Catalyst 531/15 son sold and maybe the best. The buyer will have full rights to market Data Driven genetics how they see fit.

**SELLING FULL POSSESSION AND FULL SEMEN MARKETING RIGHTS.** Quail Valley Farms is retaining semen for in herd use only.

AI'd 4/24/22 to SR Surge 4/19 (20190137).

We wanted to bring our best to this ELITE sale so we picked out our best phenotype ready to breed heifer. This Grandview and 5-E female is put together the way a cow is supposed to look like. We A.I.'d her SR Surge 4/19 in May. We recommend you take her home and turn with your bull to make sure she is bred.

AI'd 5/25/22 to KR Chosen One 651/18 (20183702).

Here is a chance to own a set of full sisters that we bred to make cows that would make it in the pasture but carry the genetics of the breeds carcass leaders. Their sire TF 5369G4 is out of the trait leading carcass Queen RDF 5369 Tinney Farms and Quail Valley purchased in Houston for \$32,000. 5369 is also the dam of Jackpot that is a popular syndicated herd sire and the #1 Marbling trait leader of young sires. The heifers dam Townsend 0115 is one of our top donors and really exemplifies what a Santa Gertrudis cow should look like with her long and deep body with an absolute perfect udder. These heifers all rank in above breed average for 12 EPDs and indexes including top 10% or better for Marbling. We would love to see these girls stay together but we are going to let you pick them. 0115J2 scanned 5.01%IMF REA/CWT 1.2

**AI'd 1/15/22 to QVF Maverick 82H10 (20200392).**

7150H71 is a very exciting female. She is one of the first Paradigm daughters born and is out of the donor Red Doc 7150. Her fertility EPD's are second to none. She ranks in the top 15% for Heifer Preg and Breed Back. She ranks in the top 3% for Marb. Red Doc 7150 is currently owned by Tideland. She has produced lead off bulls in bull sales and has more on the way. We think 7150H71 has the potential to follow in her mother's foot steps.

# Terms & Conditions

## Bidding

Each animal will be sold to the highest bidder without reserve. The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

## Terms

Each animal becomes the risk of the purchaser as soon as sold, but it shall be the obligation of the seller to see that animals are fed and cared for until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner. After 48 hours a maintenance fee of \$5.00 per day will be assessed until pickup unless the owner or AMS arranges shipment.

## Sight Unseen Purchases

Buyers may purchase females or bulls through the owners or American Marketing Service personnel at auction without viewing the cattle. For sight unseen purchases, the buyer has the right of inspection at the time of delivery. If the animal is deemed unsatisfactory, it may be reloaded on the delivery truck and returned to female or bull owners ranch at no obligation to the buyer. All transportation expenses will be the responsibility of the seller. If the animal is deemed unsatisfactory within one week of the purchase, the buyer may at their expense, return the animal to the female owner's ranch for a full refund of the purchase price.

## Certificate of Registry

A transferred certificate of registry will be furnished to the purchaser for each registered animal once proper settlement has been made.

## Health

Health papers suitable for interstate shipment will be furnished on all animals.

## Announcements

Any changes from the information of any kind in this catalog will be provided in a sale day supplement sheet or announced from the auction block and such information shall take precedence over cataloged information.

## Breeding Guarantee

1. All animals are guaranteed to be breeders with the exception of: a) calves under 12 months of age; b) animals shown by purchaser after sale in which the guarantee (if any) shall be between the seller and the buyer; c) injury or disease occurring after the sale; d) gross negligence or willful misconduct on the part of the purchaser; e) death by any reason.
2. Safe in calf females have been examined by competent personnel and are so guaranteed.
3. Exposed females have been exposed but are not guaranteed to be safe in calf.
4. Open females have not been served and are so guaranteed.
5. Donor Females. a) A female is not guaranteed to be a breeder after the date of the sale when that female is to be used or attempted to be used, in an embryo transfer program, unless by separate agreement between the buyer and seller. b) Embryo transfer guarantee. Even though it is possible some of the female lots have worked successfully in embryo transfer programs in the past, and should in the future, there is no guarantee or warranty on future embryo production of any lot. Flush records are available upon request.
6. This is not a life insurance policy. Seller will not replace a dead animal if it is killed or dies for any reason. We would suggest that normal care still needs to be exercised toward these animals and that yearling bulls should be fed so they can continue to develop properly.

## Pregnancy Determination

The registered females in this sale noted safe in calf have been determined pregnant by physical palpation or ultrasound technology. Our best estimate of service sire will be given in the case of the females with both an A.I. sire and a natural breeding sire.

## Options and Privileges of Return or Adjustment

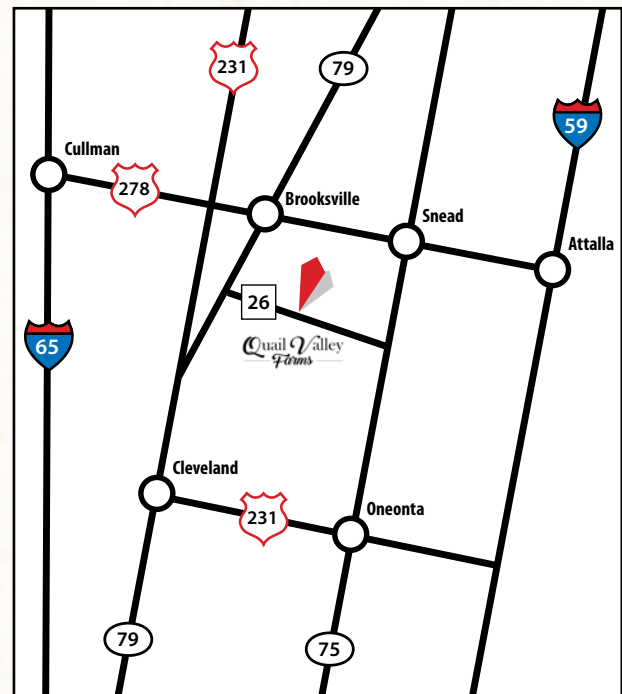

1. All claims for adjustment or refund must be made in writing within six months of the sale date.
2. In the event an animal is claimed to be a non-breeder, the animal may be returned to owner's ranch, if in good condition and complying with the health requirements of their state. The seller shall be entitled to a six-month trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months the seller is unable to prove the animal is a breeder, the seller shall at the option of the buyer replace the animal with another of equal value or issue a credit for the initial selling price. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred for transportation.
3. If an animal is sold and at a later date proves not to be eligible for registration under association rules, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer, refund the purchase price or issue a credit for the initial selling price upon the return of the animal to the farm of the seller.
4. If an animal is sold and through DNA is proven to have incorrect parentage as represented by the certificate of registration, and for which the parentage can be determined, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer, refund the purchase price or issue a credit for the initial selling price upon the return of the animal to the farm of the seller.

## Rights and Obligations

1. The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding on both. Other than the guarantees and warranties stated above, no other warranties or guarantees are expressed or implied. Each sale or resale of an animal constitutes a separate transaction.
2. Neither female or American Marketing Service nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.
