

WILEY RANCH
Southern Harvest
FEMALE SALE
9.10.2022

EFFIE, LOUISIANA at 11:00 AM

300 Head of registered Brangus and Santa Gertrudis females

WELCOME to the 3rd Annual Wiley Ranch Southern Harvest Brangus and Santa Gertrudis Sale.

As you know we are farmers as well as ranchers. The 2022 harvest is in full swing in Louisiana, which means it is time for the Southern Harvest Female Sale as well!

We hope you will join us Friday evening September 9th to enjoy our Cajun feast. We have been very busy working and stuffing crawfish for the famous bisque as well as preparing the fixins and cracklins and boudin. It wouldn't be September without Chef Thad grilling up some chargrilled oysters as well! It is always a delightful time to meet with friends and cattlemen/women from all over the country. We love sharing our Louisiana heritage so much.

Much has happened since 2021, including the purchases of the Blackwater Cattle Company and Salacoa Valley Herds alike. With that said we and American Cattle Enterprise (ACE), will be offering all of the 6 year old and older Brangus females from the legendary Blackwater Cattle Company herd. We want to extend a big thank you to Tracy Holbert, for assisting us in documenting the past accomplishments, performance and history of this tremendous herd of cattle in each of the Brangus cows comments. Guest consigner Bushly Creek Brangus will offer a select group of Brangus Spring and Fall Bred Heifers. Cross N Farm will have a very breed elite Brangus donor consignment as well.

We at Wiley Ranch will offer every Santa Gertrudis cow 6 years and older. The majority of these are full 3-n-1's with tremendous calves at side. Flying C Ranch, Creech Farms, and Tideland Ranch have consigned a select set of young pairs, bred and open heifers.

We are very proud of these proven quality genetics and think they should represent the heart of our program very well. We are excited about this offering and have confidence that we have cattle that can meet every registered and commercial cattlemen's needs respectfully.

Y'all come Friday night for some delicious food and we "gha-rawn-tee" to pass a good time.

If you have any questions please don't hesitate to contact me at 318.481.6927 or Erik at 318.481.8082

Sincerely,
Kim Wiley

The Wiley Family

Mia, Erik, Keri, Abby, Ethan, Karen and Kim

I cannot emphasize enough how proud it makes me to be a part of the ACE, Wiley Ranch and Quail Valley programs. Our focus is in being responsible and respectful stewards of the land while at the same time turning it's bounty into an efficient, high quality beef animal that will assist in feeding the world.

With that said, thank you for your interest in the 3rd annual Wiley Ranch "Southern Harvest" Brangus and Santa Gertrudis female sale. This year's Brangus offering features the complete 6 year and older acquired Black Water Cattle Company Brangus herd as well a fancy set of elite Brangus bred heifers from Bushly Creek Cattle Company and a breed influencing donor cow from Cross N Ranch.

In my 16 years of being in the registered Brangus breed, and being a part of selling thousands of head of some the greatest Brangus genetics known to man, this set of proven Brangus cows are as impressive as any I have been involved with. When you see these Brangus Black Water matriarchs and study their production records and value that Mike Coggins and "Cow Man" Tracy Holbert built together, you will understand how they truly deserve all the credit for being considered one of the most respected, proven, premier seed-stock programs in the world beef industry's history. With that said, I would like to personally thank Tracy for writing the foot notes of each one of these elite Blackwater Brangus females. His knowledge of this herd is indescribable and should be considered a very valuable asset for any Brangus breeder's consideration of purchase.

Wiley Ranch is a very proud Santa Gertrudis breeder and is committed through the use of state of the art animal science and breeding tools to produce industry accepted seed-stock genetics. This year's offering is a great set of 5 year old and older proven Santa Gertrudis cows. Many donors and sale topping producing cows are involved in the line up. The spring calving cows come to you with their strapping weaning age calves paired at their side. This year's Santa Gertrudis will also include the breed elite consignments from Tideland Farm, Flying C Ranch and Creech Farms.

Please join us Friday evening as well for a "Cajun culinary feast". The menu will include the best stuffed crawfish bisque ever to touch one's taste, along with a variety of grilled oyster preparations and many other Cajun delicacies.

The cattle, the food, the atmosphere and the cattlemen fellowship is sure worth the trip!

Please give me or one of our representatives a call if you have any questions or need assistance.

On se voit là-bas
See you there,
Richard Hood

LOAD OUT

Cattle will be loaded after the sale. No cattle will be loaded out after dark or without proper settlement.

HEALTH PAPERS

Health papers will be provided on each lot in the sale suitable for interstate shipment.

SIGHT UNSEEN PURCHASE OPTION

Buyers may purchase cattle through Wiley Ranch personnel or designated sale consultants at auction without viewing the cattle. For sight unseen purchases, the buyer has the right of inspection at the time of delivery. If the animal is deemed unsatisfactory, it may be reloaded on the delivery truck and returned to female owners ranch at no obligation to the buyer. All transportation expenses will be the responsibility of the seller. If the animal is deemed unsatisfactory within one week of the purchase, the buyer may, at their expense, return the animal to the female owner's ranch for a full refund of the purchase price.

TRUCKING

Darrell Pitchford | 903.388.2288

Trucking will be available sale day and load out available immediately after the sale and once proper settlement has been made.

HERD HEALTH PROTOCOL

CALVES

1st Working – Calves 2-4 Months

Pyramid 5 + Presponse SQ

- Pyramid: IBR, BVD type 1 & 2, PI3, BRSV
- Presponse SQ: Mannheimia Haemolytica
- Mix Contents using a transfer needle, swirl gently to mix, administer 2ML of vaccine per head SUB Q, use all contents at time when mixed, discard any remaining product. Must use within 1-2 hours of mixing.

Cavalry 9

- 7-Way Black Leg & Tetani-Perfringens Types C & D
- Swirl vaccine bottle before use, administer 2ML of vaccine per head SUB Q

Ocuguard MB-1

- Vaccine against pinkeye associated with Moraxella Bovis
- Swirl vaccine bottle before use, administer 2ML of vaccine per head SUB Q

PI Test +/-

Combination deworm with Synanthic & Injectable dewormer

2nd Working – 2-4 Weeks Pre-Weaning

Pyramid 5 + Presponse SQ

- Refer to directions above

 Cavalry 9

- Refer to directions above

 Deworm with Synanthic & LongRange

3rd Working – Yearling Heifers & Bulls (11-13 months) when scanning

Express FP 5 VL5

- Express FP: IBR, BVD type 1 & 2, PI3, BRSV
- VL5: Vibrio, 5-way Lepto
- Mix Contents using a transfer needle, swirl gently to mix, administer 2ML of vaccine per head SUB Q, use all contents at time when mixed, discard any remaining product. Must use within 1-2 hours of mixing.

Cavalry 9

- Refer to directions above

Combination deworm with Synanthic & Eprinex Pour-on dewormer

SALE BULLS

30 days prior to sale

Express FP 5 VL5

- Refer to directions above
- Ocu-guard MB-1
- Refer to directions above
- Calvary 9
- Refer to directions above

Combination deworm with Synanthic & Injectable dewormer

COWS

30 day Prebreeding

Express FP 5VL 5

- Refer to directions above
- Synanthic 22.5%
 - 1 ML per 110LBS of body weight

Combination deworming with Synanthic and Eprinex

Mid-Gestation - Pregnancy Check

Triangle 10 HB

- Triangle 10 HB: IBR, BVD type 1 & 2, PI3, BRSV, 5-way Lepto
- Shake vaccine bottle before use, administer 5ML of vaccine per head SUB Q

Calvary 9

- Refer to directions above
- Combination deworm with Synanthic & Injectable dewormer

ADDITIONAL INFORMATION & PRODUCT DESCRIPTION

Pyramid 5 + Presponse SQ - One dose 5-way MLV vaccine with avirulent live Mannheimia Haemolytica
 Express FP 5 VL5- One dose MLV vaccine with one dose vibrio & 5-way leptoprotection
 Triangle 10 HB – Killed IBR, BVD type 1 & 2, PI3, BRSV Vibrio/5-way leptoprotection with L. Hardjo protection.
 Cavalry 9 - Blackleg protection with Tetani Perfringens Type C&D
 Ocu-guard MB - 1 - Vaccine against pinkeye associated with Moraxella Bovis

- Stout featured, fertile female with extra milk and calf raising value.
- She had her fifth consecutive fall calf maintaining a calving interval of 368 days!
- Maternal sister to BWCC Ms Doc 7D6 who is the dam of the ever popular BWCC Center Section 7F7.
- Center Section is the most famed member of this growing 7 cow family and sire of MC Sho Time 313H30, MC Sho Boat 7H18, and MC Sho Nuff 313H20.
- Sho Time was the impressive stud Mound Creek chose to keep from their March Bull Sale and the one now also half owned by ACE.
- The sire of 7C was the early on high selling Ultrablack bull in the entire breed when he brought \$34,000 in the \$34,000 in the 2014 Blackwater Bull Sale.
- Palpated safe to the \$100,000 BWCC Final Time 313H2.

- Impressive donor cow, Resource daughter, and always one of Tracy's favorites.
- From the same important 10 cow family that produced BWCC Monument 10D7 and his immortal dam BWCC Ms Resource 10A10 now owned by Draggin M, TTT Brangus, and Sewell Cattle Co.
- The natural dam of 10A3 is a Summit Cow and the grand old donor that started the 10 cow family at Blackwater many years ago.
- In our conversation with Tracy he feels this high milking cow has a multitude of her best sire options due to the impressive young choices in our breed today, and ultimately can influence any herd at the same high level as the great 10A10 donor.

- She deserves your attention and has to be considered for the donor pen!
- Her last son is now a herd sire at the elite Saddle Hill Cattle Company.
- This economic young cow is perfect uddered and big bodied with impressive fleshing ability and obvious calf raising credentials.
- Her soon soon to be fifth calf is projected to be sired by the \$100,000 BWCC Final Time 313H2 and will then give her an incredible calving interval of around 350 days!

- Maternal sister to previously mentioned donor cow BWCC Ms Brand Name 192B29.
- This stout featured donor can make her own serious discussion about earning a spot in the donor barn with an impressive panel of genomically enhanced EPD values highlighted by off the chart EPD ranks for fertility, performance, maternal and muscle genetic EPD predictors.
- Additionally this powerhouse cow will soon have her sixth consecutive fall calf keeping a calving interval around 360 days!

Lot 33 - BWCC MS STATEMENT 192C36

The Five Sisters

Lots 34-38

- Five full sisters pretty much peas in a pod with a very similar set of genomically enhanced EPD values with sensational blends of the best in calving ease, top end performance values, optimum maternal inputs, the finest in carcass merit, off the charts fertility, and high end terminal indexes!
- At Blackwater their sire, BWCC Preview 812A32, proved to be outstanding for calving ease, birth weight, high end marbling and muscle EPDs while still keeping Heifer Pregnancy and Fertility Index in very pinnacle of breed percentile rankings.
- Their calving intervals have been outstanding with obvious calf raising values and the highest in quality production.
- These sisters are making donor quality daughters and herd sire quality sons!
- Their potential as donors is better than ever before considering the outstanding young herd sires available in today's Brangus world.

PE 5/20/22-9/1/22 to BWCC FINAL TIME 313H2 (R10451991) and BWCC BURLY 889E40 (R10444699)

- Neat blend of Rock Solid and Rock Star.
- Tracy has always said one can take the Rock Star daughters to the bank because they'll always pay their way.
- The dam of this cow is a Summit Cow, always a Blackwater favorite, and the cow that started the ever growing 323 family at BWCC.
- She ideal in size, very attractive, and makes a perfect udder.

- Projected to have an AI sired calf by BWCC Big Town 192B16 ensures an outstanding calving interval of about 363 days for seven straight fall early fall calves.
- A great genomic panel represents the elite level of the entire breed for fertility, carcass merit, growth, and maternal value.
- Antagonistic traits very difficult to achieve in most breeding programs.
- Her dam is one of the greatest daughters of Jethro in the breed and her incredible sire, SAV Chill Factor 1418, is the embryo brother to one of the all-time great Angus bulls known as Resource.

Lot 45 - BWCC MS SLICK 468D11

- Four embryo sons of BWCC Ms Slick 468D11 have sold to date averaging about \$10,000 and daughters are now earning their way as young prospects into donor pens.
- Even though 468D11 has been in the Blackwater donor pens she never missed her calving opportunity and is soon to have her fifth consecutive fall born calf.

- Three daughters in a row sired by BWCC Slick 7B now located at Mound Creek in Texas.
- This one is projected to have an AI sired calf by Big Town that will ensure her calving interval is less than 360 days for five fall calves!
- One of the sensational young bulls in the breed creating a big buzz is BWCC Center Section 7F7, the sire of the phenomenal MC Sho Time 313H30.
- Notice the same cow family number on Slick and Center Section?
- Slick is out of BWCC Ms Flight Deck 7Z and Center Section is out of BWCC Ms Doc 7D6, a daughter

Lot 46 – BWCC MS SLICK 468D28

- of the same 7Z cow.
- This planned mating has proven to offer calving ease while also contributing value for extra pounds, optimum milk value, plenty of scrot, high end carcass predictors and high end fertility.
- Bottom line, our Slick daughters have excellent udder quality, are fertile, and have a wide variety of genetic resources to work with today's era of bulls in our breed.

BWCC Slick 7B
Sire of Lots 45, 46, & 47

- Her sire, BWCC Relax 10A12, is an embryo brother to BWCC Ms Resource 10A10, the famous dam of the highly acclaimed BWCC Monument 10D7.
- Blackwater started using the Relax bull again but very sparingly due to semen inventory. He was initially collected to use in commercial herds around the Southeast and sold several hundred straws to use in those settings.
- After the early Relax daughters calved out, made udders, and weaned big calves most of the semen was in commercial cows. Good for them but bad for us.
- Better grab a Relax daughter when one comes up for sale!
- This one will soon have her fifth straight fall calf.

- Outstanding genomic profile that covers all the bases in a long sided, deep bodied, wide built, easy fleshing, perfect uddered package.
- More proof of the superior genetic values contributed by this sensational 889 family tribe.
- Another redundant statement, but here goes again. Palpated to have a September AI sired calf by BWCC Burlly 889G40 that will give her seven calves and a projected calving interval of 367 days.
- Her maternal grand dam is the \$1,000,000 earning donor, MC Ms Extravagant 889P4.

- Two embryo sisters in line and direct daughters of BWCC Ms Nuff Said 889Z24.
- This one is ideal in size with a big middle, plenty of length, clean lined and a perfect udder.
- Soon to have her seventh consecutive fall born calf.
- As of this writing she has the phenomenal values of Top 1% for Fertility Index, Top 2% for Heifer Pregnancy, Top 10% for Stayability, and 10% for Terminal Index, Weaning, Yearling, and REA.

Lot 57 - BWCC MS INTERNATIONAL 889B30

- Rare blending of 1% WW and YW with 1% TM, 2% REA, 1% Fertility and Terminal Indexes, and 4% Heifer Pregnancy.
- Just think of the possibilities mating her to Blue Blood, Blackwater, or Sho Time!

- Great looking cow, nice uddered, easy to like cow with a proven track record and proof of production.
- The Rock Star daughters are not often the top EPD cows in the herd but certainly can lay claim to a sire group that is fertile, easy to breed, easy keeping, and the kind the bankers love because they always make a payday.
- This embryo transfer cow is one Tracy always liked and felt she was always easy to breed because she works with just about any sire choice.
- Soon to have her eighth consecutive fall calf and projected to keep her calving interval less than 370 days.

AI'd 12/29/21 to SR Nitro 46/18 (20180828)

- We let Richard pick from our bred heifers. The ones we are offering are our favorites.
- FC 15/0, Polled, deep bodied female.
- Her pedigree includes Sancho, Never Before, Never Sank, and Vegas. That's a stacked pedigree! Better yet, sells bred to SR Nitro 46/18 for an October calf.
- Her sire Never Sank 5D12 has produced top selling females for Hefta and Wendt Ranch.
- Really moderate is kind. Will last a long time and definitely pay for herself.

Terms & Conditions

Bidding

Each animal will be sold to the highest bidder without reserve. The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

Terms

Each animal becomes the risk of the purchaser as soon as sold, but it shall be the obligation of the seller to see that animals are fed and cared for until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner. After 48 hours a maintenance fee of \$5.00 per day will be assessed until pickup unless the owner or AMS arranges shipment.

Sight Unseen Purchases

Buyers may purchase females through the owners or American Marketing Service personnel at auction without viewing the cattle. For sight unseen purchases, the buyer has the right of inspection at the time of delivery. If the animal is deemed unsatisfactory, it may be reloaded on the delivery truck and returned to female owners ranch at no obligation to the buyer. All transportation expenses will be the responsibility of the seller. If the animal is deemed unsatisfactory within one week of the purchase, the buyer may at their expense, return the animal to the female owner's ranch for a full refund of the purchase price.

Certificate of Registry

A transferred certificate of registry will be furnished to the purchaser for each registered animal once proper settlement has been made.

Health

Health papers suitable for interstate shipment will be furnished on all animals.

Announcements

Any changes from the information of any kind in this catalog will be provided in a sale day supplement sheet or announced from the auction block and such information shall take precedence over cataloged information.

Breeding Guarantee

1. All animals are guaranteed to be breeders with the exception of: a) calves under 12 months of age; b) animals shown by purchaser after sale in which the guarantee (if any) shall be between the seller and the buyer; c) injury or disease occurring after the sale; d) gross negligence or willful misconduct on the part of the purchaser; e) death by any reason.
2. Safe in calf females have been examined by competent personnel and are so guaranteed.
3. Exposed females have been exposed but are not guaranteed to be safe in calf.
4. Open females have not been served and are so guaranteed.
5. Donor Females. a) A female is not guaranteed to be a breeder after the date of the sale when that female is to be used or attempted to be used, in an embryo transfer program, unless by separate agreement between the buyer and seller. b) Embryo transfer guarantee. Even though it is possible some of the female lots have worked successfully in embryo transfer programs in the past, and should in the future, there is no guarantee or warranty on future embryo production of any lot. Flush records are available upon request.
6. This is not a life insurance policy. Seller will not replace a dead animal if it is killed or dies for any reason. We would suggest that normal care still needs to be exercised toward these animals and that yearling bulls should be fed so they can continue to develop properly.

Pregnancy Determination

The registered females in this sale noted safe in calf have been determined pregnant by physical palpation or ultrasound technology. Our best estimate of service sire will be given in the case of the females with both an A.I. sire and a natural breeding sire.

Options and Privileges of Return or Adjustment

1. All claims for adjustment or refund must be made in writing within six months of the sale date.
2. In the event an animal is claimed to be a non-breeder, the animal may be returned to owner's ranch, if in good condition and complying with the health requirements of their state. The seller shall be entitled to a six-month trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months the seller is unable to prove the animal is a breeder, the seller shall at the option of the buyer replace the animal with another of equal value or issue a credit for the initial selling price. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred for transportation.
3. If an animal is sold and at a later date proves not to be eligible for registration under association rules, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer, refund the purchase price or issue a credit for the initial selling price upon the return of the animal to the farm of the seller.
4. If an animal is sold and through DNA is proven to have incorrect parentage as represented by the certificate of registration, and for which the parentage can be determined, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer, refund the purchase price or issue a credit for the initial selling price upon the return of the animal to the farm of the seller.

Rights and Obligations

1. The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding on both. Other than the guarantees and warranties stated above, no other warranties or guarantees are expressed or implied. Each sale or resale of an animal constitutes a separate transaction.
2. Neither female or American Marketing Service nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.

A graphic for a female sale event. It features a blue background with a yellow border. The text 'WILEY RANCH' is in white, bold, sans-serif font at the top. Below it, 'Southern Harvest' is written in a large, elegant, yellow script font. Underneath that, 'FEMALE SALE' is in white, bold, sans-serif font. At the bottom of the graphic, the date '9.10.2022' is displayed in a large, bold, dark blue font. The background of the graphic shows a combine harvester in a field of golden grain under a clear sky.
